dōTERRA
Wellness Advocate

doTERRA is a Latin derivative, meaning “gift of the earth.” From the beginning, the mission of doTERRA has been to share the highest-quality essential oils with the world. Having seen the incredible benefits of using these precious resources, a group of healthcare and business professionals set out to make that mission a reality in 2008.

The first hurdle they needed to overcome was to establish a quality standard in an industry that had never had one previously. The doTERRA Founding Executives were committed to providing only the purest, highest-grade essential oils. This commitment led to the creation of a new standard of quality: CPTG Certified Pure Tested Grade®. Every doTERRA oil is held to the highest possible level of purity.

Now, doTERRA means more than “gift of the earth.” It also means wellness, health, and hope.

Lightseeds is an international team of scientists and specialists in the field of improving the quality of life and active longevity, based on a harmonious relationship with nature and the space around us, whose goal is to teach new methods and technologies for maintaining health a high intellectual, emotional and physical level.

Eye Hospitals and Clinics

JEC Eye Hospitals and Clinics (JEC) is one of the most experienced eye health service groups in Indonesia, which is often a pioneer in implementing the most modern ophthalmological innovations and technologies in Southeast Asia. As well as focusing on clinical care, JEC provides intensive training programs for eye residents, ophthalmologists, ophthalmologists and ophthalmic practitioners. The training program includes a Fellowship scholarship for ophthalmologists from affiliated universities.

All JEC hospitals have been certified by the Komisi Akreditasi Rumah Sakit (KARS) with the Standar Nasional Akreditasi Rumah Sakit (SNARS) assessment instrument. In addition, JEC@Kedoya Eye Hospital became the first eye hospital in Indonesia to be accredited by the Joint Commission International (JCI) for three consecutive periods, namely in 2014, 2017 and 2020.

LOCATION

Mal Taman Anggrek, translated to "Orchid Garden Mall" in English (also known as MTA or TA), is a shopping mall in Grogol Petamburan, West Jakarta, Indonesia. The mall is named after a real orchid garden within the now-demolished Orchid Hotel site, which occupied the building site prior to construction; that orchid garden has since been relocated near Taman Mini Indonesia Indah. **Visitor from 2000 to 5000 person of regular base in Mal Taman Anggrek.**

The retail podium was the largest shopping center in Southeast Asia when it first opened in 1996, up until the opening of Berjaya Times Square in Kuala Lumpur in 2003. It remains one of the largest malls in Indonesia. The mall is nestled within eight condominium towers and its Plaza Level (PL), known as the Kondominium Taman Anggrek.
